Dialog ’25

Jasper van’t Hof & Matthias Kirschnereit — Two Pianos (Live in Papenburg)

Two living legends from different worlds meet in a high-wire encounter where masterpieces become living material. Curated by Vera Brandes, the visionary behind Keith Jarrett’s The Köln Concert—the best-selling piano album of all time—this live Papenburg performance turns dialogue into electricity. Familiar themes surface, dissolve, and return transformed—bold, lyrical, unmistakably of this moment.
